VIII. OPEN FORUM

Supervisor Udicious invited anyone in the audience to address the Board.

A. David Sluberski asked for comments on his digital recording device proposal, questioned who the author was of the open meeting booklet and the timeframe of work to be performed on the dam. Supervisor Udicious responded that recording of meetings is a town clerk function and the board will await her recommendation. The Rules and Procedures booklet are, in part, taken from the Town Law Manual. Process of actually working on the dam may require competitive bidding and would follow the necessary course of action.

Mr. Sluberski questioned the use of a bulldozed path off of East River Road. Less than 2 years ago Code Enforcement Officer Kusse relinquished any authority over imported fill dirt in the town to the Highway Superintendent. The path leads to a fill operation, not interrupting Martin Creek.

IX. EXECUTIVE SESSION

Supervisor Udicious motioned to move the meeting into Executive Session at 7:40 PM to discuss potential acquisition of property.

Councilman Knab moved to return to regular session of the meeting at 7:55 PM.
